**SAM BRANNAN**, who first arrived in San Francisco, via Cape Horn, in July, 1846, only two weeks after the celebrated Bear flag had been hoisted, and who has since been the maker and loser of at least a half dozen large fortunes, has returned from Mexico to the Bay after an absence of eight years. He is certainly one of Fortune's prodigals. With millions to his credit he is to-day lodged in a miserable garret. He holds a claim of over \$10,000,000 against the Mexican Government for supplies furnished them in their war of 1866. The Mexican Government has fully acknowledged it and he has received about \$20,000 of it, but the chances for getting the balance during his lifetime are very slim. The Government, according to the Colonel, is miserably poor, and the officers from President Diaz down to the humblest subordinates, donate half their salaries to the country. Most of the coin received by the Colonel has been spent by him in acquiring title to lands in Sonora.

An action was brought in San Francisco recently by Thomas H. Smith, who seeks to recover \$6,000 from James R. Gates on a note executed many years ago. The defense to the suit was that it was barred by the statute of limitations. The point raised by the plaintiff was that of a letter received from Gates in 1882, in which he inclosed a check for \$500, and stated that \$500 was to be credited on account and \$60 interest. The defense claimed that this letter revived the indebtedness, which has been barred by the statute. The Court held that an acknowledgment of a debt after it has been barred by the statute of limitations revives the indebtedness, whether the acknowledgment is express or implied, as is the case in the present instance. This promise must be in writing, and when accompanied by a partial payment of the debt is amply sufficient to take the debt out of the statute of limitations. Judgment was accordingly rendered for the plaintiff for \$5,500, with interest at 1 per cent per month from June 15, 1882.

THAT Mexican authorities are friendly to America is evident from their having recently expressed a willingness to give Creighton up, despite the fact that the offense of which he was found guilty is not an extraditable one. Creighton is down sick with malarial fever in Guaymas. Unless he takes the alarm and passes over into another Mexican State he will be again on his native soil very soon.

### A Horrible Tragedy.

LOUISVILLE, Nov. 4.—A terrible tragedy was enacted in the western portion of this city last night, the awful results of which were not discovered until 10 o'clock this morning. At that hour Mrs. Mary Bruner, mother of Mrs. Charles B. Brownfield, called at the residence of her daughter. No one answered her ring at the door bell, and after several ineffectual efforts she went to the window of the little one-story frame cottage. She raised it and threw open the shutters. The sight that met her eyes was horrible beyond description. In the middle of the door-opening between the room occupied by her daughter and husband and a daughter of eight or ten years of age, and that occupied by William T. Bruner, a brother of Mrs. Charles B. Brownfield, who resided with the family, was the body of her daughter's husband suspended by a strap attached to the lintel and swinging to and fro slightly. At the sinister's back on the bed in a dark corner reposed the body of Wm. T. Bruner with his throat cut from ear to ear, facing the self-murderer. In the other room was another bed, upon which, stiffened in their blood, were the forms of his wife and nine-year-old child. Their heads were almost severed from their bodies. Beneath Brownfield's feet lay a razor, with which the awful deeds had been committed. The bed clothing was drenched with blood and the faces of the victims besmeared so that they were almost beyond recognition. On the bureau in the parlor lay the following, dated 5:30 A. M., and written by the murderer in an unusually legible hand:

To all whom it may concern—I, Charles B. Brownfield, murdered my dear wife and daughter, also W. T. Bruner, my brother-in-law. I killed my wife and baby because I was tired of life, and did not want them left penniless in the world and no one to care for them. My cause for being tired of life is gambling. Now let my brothers and friends take warning. I killed W. T. Bruner because I didn't think he was fit to live, and now I will make an attempt on my own life. So good-bye, my father, brother and sister and friends and relations; all take warning. Good-bye.

(Signed) CHAS. B. BROWNFIELD.

### Escape of Wild Animals in St. Louis.

ST. LOUIS, Nov. 3.—In the freight yard near the Union depot to-day two cars of a circus train were derailed and some of the cages shattered. A Bengal tiger, two lions, a leopard and a jaguar escaped to various parts of the yard. The wildest commotion followed. Depot officials and policemen ran frantically about, shouting warning, and there was a general and quick stampede from the yards to the streets beyond. The leopard was found crouched under a freight car, and an attempt was made to lasso him, but it failed, and the animal rushed from cover, bit a man severely in the leg as it rushed out, bounded into the ticket office, and then jumped through a transom into the Superintendent's office. He was besieged, covered with tarpaulin and secured. One by one the other animals were found, and after more or less trouble were captured and returned to their cages.

One circus man was killed and two injured in the smash-up of the cars.

### Tightening the Screws.

DUBLIN, Nov. 4.—Cox, a member of Parliament, waited to appear at Ennis Court in answer to a summons for attending a proclamation meeting in the County Clare, and a warrant for his arrest had been made. The Government is resolved to prosecute all persons who took part in the midnight meeting at Woodford on October 28th, at which a proclamation of Lord Lieutenant forbidding the meeting was burned. Among those to be prosecuted are James Rowland, L. P. Gill and David Sheehy, members of Parliament, and also the Secretary to the Lord Mayor of Dublin.

### Rumored Cabinet Changes.

WASHINGTON, Oct. 4.—A special to the Sun says: "President Cleveland's Cabinet will be recast the latter part of this month. Lamar will go on the Supreme bench and Postmaster General Vilas will be made Secretary of the Interior." The dispatch says that Dan M. Dickinson, of Michigan, will be the next Postmaster General unless he declines the appointment, which has been tendered him.

### A Big Shut Down Threatened.

NEW YORK, Nov. 4.—Representatives of all the pressed glass factories in the United States in conference yesterday decided to shut down every glass factory in the East at the close of the present month. This action was taken at the instigation of western manufacturers to prevent eastern employers from giving aid to western men, who have given 30 days' notice of the strike, owing to a disagreement as to the wages. Some 7,000 skilled workmen are concerned.

### Ingersoll Denies a Rumor.

NEW YORK, Oct. 4.—Colonel R. G. Ingersoll denied last night the statement that he would intercede with the Governor of Illinois for Clemency for the Anarchists. He said he had been asked several times to interest himself in their behalf. He is not in favor of anarchy, and even if he desired to take up the case the business would be private.

### No Public Speaking of the Kind Allowed.

LONDON, Oct. 4.—The police this morning dispersed a meeting of unemployed workmen which had gathered in Trafalgar Square and was listening to an address by a man named Webb. Webb was arrested, and the crowd made no resistance.

**Was It the Work of Anarchists?**  
CHICAGO, Nov. 4.—Early this morning, in a lone part of West Side, Police Officer Kegan was found lying dead on his back, with a wound on his forehead, evidently made by a blunt instrument. The officer was murdered while on his beat, and when found he still clasped his revolver in his hand, but it had not been discharged. No clue as yet.

**An Exploded Bomb Found.**  
ST. LOUIS, Oct. 4.—The remains of an exploded dynamite bomb were found last night in the ruins of the Fourteenth-street explosion, but detectives believe that it was placed there yesterday by some sensationalists, who have been working for newspapers, claiming that it was the agent of a horrible crime.

### The Rentes Conversion Bill.

PARIS, Nov. 4.—The newspapers admit that the passage of the Rentes Conversion bill in the Chamber of Deputies is a victory for the Government. They attribute the Government's success to the support received from Bright, the majority of whom changed front and voted for the bill.

**Frank T. Northey Convicted.**  
SAN FRANCISCO, Nov. 4.—The jury in the case of Frank T. Northey, indicted for jury bribing, rendered a verdict of conviction last night. The defendant will be sentenced on Monday.

**A Nevada Relieved of His Money.**  
SACRAMENTO, Oct. 4.—Miss Harty, of Nevada, while on the cars between Reno and Sacramento yesterday, was relieved of \$300.

**American Juvenile Opera Company.**

Mr. Melville Stoltz is in town procuring local children for the performances of "Cinderella" and "Rip Van Winkle," which take place at Reno on the 14th, 15th and 16th.

The American Juvenile Opera Company is composed of 16 members (children), and has been playing to large and delighted audiences throughout the country. They will produce the beautiful spectacular burlesque "Cinderella," with all the original music and new specialties, together with the home talent, which will participate in the marches, songs, dances and tableaux. They will also produce during the engagement the beautiful legend of the Catskills, "Rip Van Winkle."

It is reported that 300 Crow Indians who escaped from the soldiers near Custer are now on the warpath, and that the soldiers in Montana are preparing the best they can for defense. Slitting Bull is at Standing Rock with a big force of warriors, and is said to be in league with the Crows.

**ANOTHER NEVADA RAILROAD.**

**A Project to Connect Salt Lake and Los Angeles.**

Though the rumor of Jay Gould's connection with the purchase of Rattlesnake Island receives but a slight degree of credence amongst railroad men, says the San Francisco Call, it is generally accepted that some corporation intends building a line from Salt Lake City to Los Angeles; also, that the projectors of this new line are not allied either with the Union Pacific or the Denver and Rio Grande. The new road is to be a standard gauge, and its projectors claim they have discovered forth a very level route, one on which the maximum grade will be only sixty feet to the mile. It is to be quite independent of the Utah Central, which now runs from Salt Lake City southwest to San Francisco as a connection of the Union Pacific. The road will be 650 miles in length, and will run southwest from Salt Lake City through a pass in the Snake mountains into White Pine county, Nevada, thence south through Nye county, along the great Nevada plateau. Thence on, the road runs through several large valleys, touching, perhaps, at Las Vegas in Southern Nevada, and utilizing some miles of the valley of the Colorado river. The worst portion of the entire route is that in the Mohave desert, through which the line have necessarily to cross to reach the San Fernando mountains. The old stage route has been found to offer the best line through this steep range to San Bernardino, whence a very easy route is obtainable to Pasadena and Los Angeles. Its projectors claim that the widest stretch of desert on their route is only 35 miles in length, and that the line will open up the greatest mineral belt on the continent. It will certainly mean a short route from Los Angeles to Chicago, the survey line showing a saving of several hundred miles over the line of the Santa Fe system. The company owns 3,000 acres of coal lands in Utah, and has already acquired forty-seven acres at Salt Lake for terminal purposes. The citizens of Pasadena have granted right-of-way facilities and depot grounds, so that it seems as though the line was thoroughly organized for progressive work.

The projectors of the road are Isaac Trumbo and A. R. Houghton, of San Francisco, and Engineer Charles H. Roser, of New York.

**FROM GLENDALE.**

**"Swampy" Unbosoms Himself of Doings at the "Hamlet."**

GLENDALE, October 4.

Editor Gazette:—The "hamlet" since the "hop" has drifted back to its usual pulse and position as a solid country suburb. Incidents are a little scarce for a correspondent to a "hub" published chronicle, which feels the daily pulse of the Associated Press machine. Such as have hatched and peeped since my last I send in my little basket.

On Tuesday last Mr. Frank Monchamp, the prince of the fast freight of Surprise Valley, steered his prairie schooner up to the door of Hon. George Alt and delivered a choice cargo, consisting chiefly of his two charming and accomplished sisters, Misses Deese and Ella Monchamp, who are now the guests of Miss Mamie Alt. It may be a matter of interest to our "charming and accomplished" young ladies to be informed that the ladies in question made the entire trip from Cedarville to Glendale in the barouche referred to, taking a bit of luck with their able brother and contributing their share to the comfort of the journey. While Frank prides himself on his accomplished driving, he reluctantly admits that his sister Ella "can drive ten horses where he can't drag the halter."

Mrs. Swampy is a little put out on account of a rumor, more or less current at the "hamlet" to the effect that she purposely omitted the name of one of the musicians at the "shindig" for the reason that she was a little "mashed" on him. She tells me confidently that this was sprung on her with a view to getting her introduced to the green-eyed monster by certain wigmans who were envious of her "frocks" and "figger" at the dance. She furthermore says that she thinks that the young ladies (?) who were trying to ape the naughty men in misfitting female attire last night had better in the future speak a little lower when conversing their chances for an honorable mention at the hands of truthful "swampy." A little "no, one" is quite recognized since his "bawl." Good day, sir.

**Mrs. Mackay Persecuted by Black-Malers.**

A correspondent of a London paper makes a very proper protest against the treatment to which Mrs. Mackay has long been exposed. He says: "The fact is that Mrs. Mackay has literally been persecuted with anonymous letters of a peculiarly distasteful description. These were followed up by a series of attacks in the newspapers, intended to make her an object of ridicule and contempt in the eyes of her compatriots. Her husband tried to track some of these slanderers to their lairs recently, and succeeded in sending one to prison for two years, but still the hateful work is carried on. The disappointed blackmailers, unable to injure Mackay, endeavor to wound him by striking at his wife. When two or three more are laid by the heels in jail, the disgraceful system of vilifying an inoffensive lady will doubtless come to an end."

—A certificate was filed in the County Clerk's office, New York, yesterday, setting forth that the Western Union Telegraph Company, through its directors, has increased its capital \$5,000,000. This makes a total stock of \$80,500,000.

The Russian Imperial train has arrived at Gumbinnen, in East Prussia, and will leave for the arrival of the Czar. The train is closely guarded.

A branch of the Young Men's Institute is to be organized in Reno next Sunday by Dr. John O'Toole, of Virginia City.

The cattle shipping business is lively. Forty-five carloads of cattle and 13 of sheep were feeding at Benson's yards this morning.

The Ladies Guild of Trinity Episcopal Church will hold a bazaar at the Nevada Theater on the evenings of November 22d and 23d.

The little daughter of Mr. and Mrs. A. Benson has been ill the past week with a light form of scarlet fever. She was reported considerably better to-day.

One of the largest corporations in Reno, and whose revenue is or will be derived solely from the town, has placed a large order for job printing in San Francisco.

The Silver State says that scarlet fever is quite prevalent in Paradise Valley, and the schools are said to be closed in consequence. Fortunately the disease, so far, has been of the mildest type.

A Salt Lake dispatch says Eugene Roser, H. R. Houghton and a survey party left there Tuesday morning on a trip over the proposed route of the Salt Lake and Los Angeles railroad.

S. T. Burch, who recently sold out his business on Virginia street, opposite the GAZETTE office, has commenced to excavate on his lot on the same business thoroughfare, just north of the City Hotel, for a brick store 22x50 feet.

George D. Winters, of Sheephead, by advertisement in another column, offers a reward of \$500 for the arrest and delivery at Reno, of one Singleton Pauley, who was last seen at Bear's grade, Surprise Valley, Cal., on October 28th.

D. O. Adkinson, who came to Nevada in 1883 and located in Virginia City, died in San Francisco yesterday morning. His remains are expected to pass through Reno to-morrow morning for Virginia City, where they will be interred.

Yesterday's Carson Tribune: John Sutherland, indicted for the crime of burglary, was brought into court this morning, and by his attorney, M. A. Murphy, Esq., withdrew his former plea and pleaded guilty to the crime. The sentence will be given to-morrow morning at 10 o'clock.

The following contributions were made to the museum of the State University in the month of October: A specimen of the mineral wulfenite, molybdate of lead, (rare) by Mr. C. B. Hanson, of Winnemucca, Nev.; a specimen of calcium carbonate, as deposited in a flume, being an excellent cast of the board bottom—size, 6x18 inches, by Mrs. Ben E. Hunter, of Reno.

**PERSONAL.**

J. A. Blossom, of Battle Mountain, passed east on this morning's train.

Lon Hamilton, of the Comstock, passed through for San Francisco last evening.

M. Meyer, cashier of the Bank of Nevada, returned from the Bay this morning.

D. S. Carlock and G. W. Humphrey, the well-known cattle buyers, are in town.

Melville Stoltz, representing the American Juvenile Opera Company, is in town.

Mr. and Mrs. Jesse Harris left Elko on Tuesday evening's train for their home at Fort Collins, Col.

C. S. Pearson, traveling salesman for one of Boston's largest boot and shoe houses, is in town, talking business with several of our merchants.

F. C. Knauer and wife arrived from Sacramento last night and are the guests of Mr. and Mrs. J. J. Becker. Mr. Knauer is the proprietor of the Pacific Brewery, and is enrolled as one of the solid men of Sacramento county.

N. W. Roff, S. J. Hodgkinson, C. W. Borton, Lieutenant Governor Davis, George Hyman, C. Jacques and General N. F. Jacques left on this afternoon's local train for Virginia City, there to participate in the military inspection and drill at the Orphan's Fair this evening.

**Reno's New Opera House.**

A GAZETTE reporter learns that Mr. C. W. Borton, who has charge of the construction of the new Opera House, will leave for the East on or about the 5th of next month to purchase chairs and other furnishings for the structure. He expects to have it ready for theatricals by the first of May next. The spacious room on the corner of the first floor will be used by him as a dry goods, trimming and clothing store, while the one adjoining on the east will, it is said, be rented as a furniture store.

**Fine Stock.**

Mr. T. T. Harris, of the Elko stables, says the Independent, has purchased of Jesse Harris, of Fort Collins, Colorado, the four beautiful imported Cleveland bay stallions, Little Colt, Benefactor, Reconnaisance and Luxury, which are the finest specimens of horse-flesh we have ever seen and are well worth the price paid for them, also the fine imported Clydesdale stallion, Crown Conqueror, who is one of the best horses ever brought to the State.

**"The Orphan's Appeal"**

The GAZETTE is in receipt of a copy of the Orphan's Appeal, published in Virginia City in connection with the Orphan's Fair. It is the size of the late Footlight, and is full of local and general news of interest. The advertising patronage is liberal, and no good reason can be given for not reading it. It is a good newspaper.

**BREVITIES.**

**A Reno Lawyer's Experience With a Law Firm There.**

That attorneys in the country of "blasted Brits" have business down to a fine point is evident from a letter before us, which is addressed to Colonel R. H. Lindsay, the well-known attorney of this town. It appears that some time ago the Colonel wrote to a law firm in Pictou, Ontario, one of the members of which, a cousin of his, was a member, stating that a resident of this county believed that he was an heir to some property near Pictou, and asking the firm to interest itself in behalf of the matter. The Colonel, several days after he had mailed the letter, learned that his cousin had withdrawn from the firm, but he paid more attention to the matter until yesterday, when he received the following:

ALLISON & MACNEE,  
BARRISTERS, SOLICITORS, ETC.,  
PICTOU, ONT., OCT. 28, 1887.  
Robert H. Lindsay, Reno, Nev.  
Having received a letter from you respecting legacy to George Jones, perusing and considering same..... \$2.00  
Let or to Robert Jones..... 50-00  
Letter to you from Robert Jones..... 50-00  
Having received letter from Robert Jones and letter to you..... 50-00  
This is our bill. ALLISON & MACNEE.  
The nine cents is meant for postage. Enclosed with the foregoing was the following note:  
Robert H. Lindsay, Esq., Reno, Nev.—DEAR SIR: We beg to inclose account amounting to \$3.50. Please send us \$3, which we are willing to accept in full of the account. Yours, truly,  
ALLISON & MACNEE.

The magnanimity of the firm causes the Colonel to laugh, as it doubtless will many GAZETTE readers.

**State Teachers Institute.**

At a meeting of the Board of School Trustees of Reno, held last evening, it was decided to close the public schools during Thanksgiving week in order to allow the teachers to attend the State Institute. The use of the High School building was granted for the use of the institute and the teachers were allowed pay during the vacation. The trustees and teachers are to be commended for interesting themselves in the Institute with a hearty good will.

John Sparks, of the cattle firm of Sparks & Tinnin, is in town.

**Things Worth Remembering.**

When you feel a kind of goodness about the stomach it is a sign that your food does not sit well and that you are about to have a fit of indigestion.

When you begin to feel nervous and are unable to sit still comfortably; when your clothes suddenly seem to lose their fit and become too tight in places the fit of indigestion is surely upon you.

When this fit of indigestion is repeated from day to day it finally results in indigestion, or dyspepsia.

Chronic dyspepsia will surely make the happiest life a hell upon earth.

Remember that three to ten of Brandreth's Pills will cure the worst case of indigestion or dyspepsia, or both, and that a regular course of them say two every night for a week or ten days will act as a preventive of either complaint.

**A Boon for Travelers.**

A traveler who guards against sudden attacks of cold, headache, indigestion, diarrhoea, etc., ailments not infrequently brought on by changes of climate and water, is the sensible, far-seeing man. Always have handy in your valise or trunk a box of Alcock's "Pain-Expeller." When on the pit of the stomach, they will so strengthen the digestive organs that you can eat almost anything, and travel without fear of taking cold.

**A Luxury and Necessity.**

For rich and poor who wish to enjoy good health, and who do not wish to resort to bitter nauseous liver medicines and cathartics, is the concentrated California liquid remedy, Syrup of Figs, 50c. and \$1 bottles for sale by Wm. Pinniger, Reno, Nevada.

**Hiddeous in Every Guise.**

Whether it be the best known form, chills and fever, or else bilious remittent, double ague or ague cake, is that abominable disorder involving the liver, the bowels and the kidneys known as malaria. Every complaint classified under this generic, though erroneous appellation, is destructive of the nervous system, but is, happily, not to be subdued, or even checked, by the use of ordinary medicines, sedatives or tonics. There is, however, prompt relief and a sure cure to be found in Houghton's Malaria Bitter, a remedy among the proprietary remedies of America, and widely known in other lands. Not only does it drive out malaria, but it cures the chronic, inherited or acquired debility of the kidneys or bladder, and is a sure cure for all diseases of the bowels, are curable—any, certain to be cured by this deservedly esteemed and professionally sanctioned corrective.

**Rapid Healing of the Heart.**

Whenever you feel as uneasiness in the region of the heart, a slight pain in the shoulder, arm, or under the shoulder-blade, or when you find yourself short of breath when exercising, or when your heart has palpitations, or when you have heart disease, and should take Dr. Flint's Heart Remedy. At druggists. M. B. R. and Co., containing two handbills, or address J. J. Mack & Co., S. F.

**Unnecessary Misery.**

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason no one likes to take the medicines usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of men and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

**\$30,000.** Mrs. Howard offers her ranch in the Virginia road, the most desirable of all the country round in Nevada. It is located eight miles from Reno and in a fertile agricultural section. The ranch consists of about 50 acres and a valuable water right. The ranch has long had the reputation of being one of the most productive of its size of all the ranches in the Truckee Meadows. This year it has produced 800 tons of hay, pasture for 300 head of stock, vegetables and other products in value about \$9,000. By the expenditure of a few hundred dollars the ranch could be made to be even much more productive than it is at present. The soil is admirably adapted to the raising of alfalfa, stock and vegetables. It has an excellent house, barn and other buildings, a good orchard and other improvements. Price, \$30,000 1/2 cash and the remainder in two equal annual installments. Interest at 8 per cent. per annum.

**\$13,650.** A Santa's ranch located about five miles south-east from Reno is offered for sale. It consists of 45 acres, which will be sold at \$300 per acre, or for \$13,650 and on easy terms of payment. There is on the place a good house of eight rooms, two barns and other buildings. The place has plenty of fine irrigating water and as many as fifty springs of excellent drinking water. The ranch yielded this year 350 tons of hay, and pasture value at not less than \$1,200. The total valuation of this year's yield is not less than \$3,500, and some one year's yield has amounted to as much as \$5,000. As the ranch consists chiefly of pasture and meadow land, the expense of running the place is exceedingly small. The ranch is especially desirable as a stock range and for this purpose would yield a handsome profit on the amount invested.

**560 ACRES.** 100 acres enclosed by a substantial fence; 460 acres under fine cultivation; balance wild land—good for pasture. Will cut 250 tons alfalfa this year. Two acres of young and bearing peach and apple trees.

**Perfect Title to 50 Acres of Water.**  
New two-story house of three rooms hard-finished; bath, barn. Situated 3 1/2 miles from Reno.  
Price, \$5,000—\$2,000 down, balance on time at reasonable interest.

**3,000 ACRES** under substantial fence. ABUNDANCE OF WATER FOR IRRIGATION.  
300 acres in wheat, barley and alfalfa. Controls an immense outside range for cattle or sheep.  
\$2,000 WORTH OF HORSES, MARES AND COLTS.  
All kinds of farming utensils.  
Machinery, Wagons, blacksmith shop, etc., etc.  
Plenty of water close by.  
Ranch lies 20 miles south of Austin.  
This would make one of the best stock ranges in the state.  
Price, \$15,000. Easy terms of payment given.

**80 ACRES OF LAND** under improvement; good fence. 70 acres in alfalfa; 10 acres orchard—400 bearing fruit trees; 5,000 nursery trees; good well, situated 10 miles from the U.S. railroad depot, Reno.

**40 ACRES OF LAND.** 20 acres in alfalfa; 1,750 forest trees, all under fence. Situated 1/2 mile from railroad depot, Reno. Well situated, 10 miles from the U.S. railroad depot, Reno.

**FOR SALE—B** and lot on east side of Virginia street, one door north of Fourth street; lot 50 by 140; house of five rooms. A very desirable location.

**FOR SALE—B** and lot 125 ft. by 140 ft., on east side of Virginia street, opposite residence of B. F. Leete. This is a very desirable piece of property.

**LOOK AT THIS.**  
Not Only an Absolutely Safe Investment, but one in which you must make money.

One block of land in Sacramento City, subdivided into 16 lots (five already sold) and one reserved for premium to be drawn for by the 15 buyers when all are sold. \$2500 per lot, with 30 ft. wide, situated between 20th and 21st streets, one block from the electric car line, just outside the city, two blocks from suburban train recently put on for convenience of the people living in this growing part of the city, five blocks from the Highland Park Tract Railroad.

This is a high level block, and the streets around it, as is to be graded at present owner's expense.

There are now being constructed on a tract just sold, three to five blocks further out, 12 new dwelling houses. Each improvement in this direction enhances the value of all adjoining property. The price of lots ranges from \$200 to \$350, and will be sold on the following terms: One-fourth cash, balance in installments of \$10 per month, with interest at 8 per cent; 3 percent discount for cash payment.

Who knows all about the property, and whose judgment we respect, says: "These are certainly the cheapest lots in Sacramento to-day, and I believe will more than double in value before next September."

Also several large properties in Truckee Meadows, properties in Stockton, San Jose, San Francisco and Alameda.

Mines bought and sold. The firm has numerous correspondents who are dealers in mining property.

THIS PROPERTY CONSISTS OF 1,937 ACRES OF LAND SITUATED IN BUTTE County, Cal., 75 miles north of Sacramento. The land lies one and a half miles along Feather River, one of the largest rivers in California, and runs thence westerly for a mile to two and a half miles. The end of the land lies one and a half miles to the town of Biggs; the central part lies within three miles of the town of Grizzly. It is bounded on the California and Oregon Railroad, the through line from San Francisco to Portland, Oregon.

The county road from Grizzly to Oroville passes through the land. It is an exceedingly rich alluvial soil, capable of a very high state of cultivation. It can be irrigated from the Feather River. Although irrigation is not necessary, as crops without irrigation have been raised successfully for twenty-five years. There are 200 acres of low hill land, which is most excellent soil for vines. The land is well timbered with huge white oaks, one oak in particular measuring thirty-six feet in circumference four feet from the ground.

The wood alone is very valuable, it being estimated that if cut into cordwood it could be readily sold for the total sum of \$40,000.

The land is all cultivated and produces thirty-five bushels of wheat, or sixteen sacks, to the acre, and fifty bushels of barley. It will raise without irrigation eight tons of alfalfa to the acre. The owners have raised from this land \$15,000 this year.

It lies well for cutting up into small tracts. It can be cut into 80-acre tracts, which will sell readily at \$100 per acre. If colonized and cut into smaller tracts we believe it could be sold for double that amount.

Title perfect—confirmed Spanish grant of 30 years. This property is for sale at \$15,000; one-third cash, balance one, two and three years at 8 per cent.

Similar land in this vicinity is rated at \$100 per acre.

**THE CATTLE INTEREST.**  
Convention of the Consolidated Cattle Growers' Association.  
The Consolidated Cattle Growers' Association of the United States assembled in annual convention at Kansas City on the 31st ult. N. J. Coleman, Commissioner of Agriculture, addressed the convention. He said the cattle industry of this country, representing \$1,200,000,000, was under a cloud of misfortune at present, but he was satisfied the population of the country is increasing far more rapidly than is the beef supply and that this circumstance would rectify matters. He then proceeded to read a semi-official statement of the work of his department in fighting pleuro-pneumonia. After summarizing the appropriations and authority given by Congress to the Bureau for the purpose of exterminating the plague, Coleman said he had prepared a series of rules and regulations which he had sent to Governors of various States and Territories with the request that they co-operate in observance of them. Thirty-one States and Territories had responded and promised their assistance. He had also submitted to State Legislatures an Act providing for State co-operation. This bill became a law in Rhode Island, Virginia, New York and Illinois. In regard to the actual work of the Department he mentioned that Cook county, Illinois, and a number of counties in New York and Maryland had been placed in quarantine. A circular had been issued to railroads asking their co-operation, and he was pleased to state very effective assistance had been rendered by them.

From January 1 to October 15 of the present year the inspectors of the Bureau of Animal Industry had examined 12,655 herds, containing 92,698 head of cattle. Of these 478 herds containing 6,956 cattle, were placed in special quarantine and 1,209 were found to be diseased.

Mr. Coleman in saying that the disease had been eradicated from Cook county, Illinois, remarked that the quarantine would be removed about December 1st. New York and Maryland had been the worst hotbeds of the disease. For years it had existed in Maryland and defied all attempts to exterminate it. The cities of New York, Baltimore and Brooklyn and their suburbs for 40 years have been plague spots whence the disease has spread to other parts of the country. But in Maryland we now have things under control.

In regard to the needs of the Bureau for the next year, Mr. Coleman said all that was necessary was a sufficient appropriation, as the work was progressing smoothly and systematically.

In conclusion the Commissioner said: "I have not alluded to the fact that the disease has been stamped out in Missouri, where one Illinois bull coming into the State at Fulton caused a quarantine against the whole State and a loss to cattlemen of \$1,000,000. I have not alluded to the fact that it has been stamped out in Kentucky, where the amount of loss was \$2,000,000. It has been estimated that the cattle disease in the past 45 years has cost Great Britain \$500,000,000. It is here to-day in almost as bad form as it ever was. We have strong laws, but they leave the execution of them to the local authorities. The disease needs heroic treatment. In Scotland it is so bad to-day that upon my recommendation this country has declared a quarantine against all Scotch cattle, and it has been my ambition to see the disease wiped out till not a trace of it shall remain, and in a year and a half I expect to have this ambition gratified. And I will say it may be a wise idea to quarantine against all Europe, which has been the hotbed of the disease which afterwards affected this country."

**The Lincoln Sheep.**  
The Lincoln sheep is the heaviest bodied sheep in existence. One was slaughtered in England in 1826 of this breed which dressed 386 pounds, being a three-shear, or about 40 months old. A two-shear dressed about 364 pounds and a yearling dressed 284. The home of this large-bodied sheep is in the rich, drained land of Lincolnshire and Cambridgeshire. They are remarkably prolific, twins being more frequent than singles. Triplets are not uncommon, while fours are not very rare. The Lincoln requires the best and richest soils and succulent herbage, and can only thrive under the best management and very high farming. At present it is questionable whether we have any place in our agriculture which this sheep can profitably fill, unless it be in a few instances where the highest skill of the breeder is exercised under peculiarly favorable conditions of the soil and climate.

Pleuro-pneumonia has been officially declared extinct in Cook county, Illinois.

The heavy demand now being made for Santa Clara Valley farms and lots in the City of San Jose is making prices rise steadily and affords a chance seldom offered to invest in a desirable location at prices that are certain of an advance.

Investments in Santa Clara Valley are more reasonable at present prices than at any other locality in the State of California when advantages of railroad shipment, rich soil, educational facilities, unequalled public improvements in respect to roads, sewers and public buildings, healthfulness and climate, are considered, which alone makes them certain and desirable. We offer both
